

SANStor™ SAN Bundle

Functionality and Scale of a
High-Powered SAN at a price
you can afford

IMPEX Technologies' SANStor™ SAN Bundle offers one-stop shopping and quick implementation of a powerful SAN that will fortify and grow your IT infrastructure.

SPECIAL OFFER

IMPEX SANStor™ SAN BUNDLE

Storage Area Networks (SANs) have become the de facto means of stability and scale in IT organizations across all industries. But precious few vendors have offered an end-to-end, SAN infrastructure solution within the price range of small-and medium-sized business. Until now.

Priced at a fraction of competing solutions, the SANStor™ SAN Bundle makes all the sense in the world. It will meet your immediate storage needs with a flexible eye toward the future.

The SANStor™ SAN Bundle includes:

- SANStor™ Fibre Channel RAID Array
- 2Gb, 8-port FC switch
- Four HBAs
- SAN management software
- 1 terabyte storage
- Small form factor pluggables (SFPs)
- Interactive training/support CD.

Fully Interoperable

The SANStor™ SAN Bundle may be installed in environments featuring the following third-party vendor products:

Servers/Workstations: ASC AV, Avis Sports, Arima, Asustek, Celerity, Compaq, Dell, Hitachi, HP, ICL, IBM/Netfinity, Intergraph, Intel, Iwill, NCR, NEC, Siemens, Silicon Graphics, Sun Microsystems, Supermicro, Tyan, Unisys

Tape Libraries & SCSI-FC Bridges: ATL, ATTO, Breece Hill, Chaparral, Pathlight, Crossroads, Exabyte, smartSAN, Overland Data, Spectra Logic, StorageTek

Hard Drives & Tape Drives: Exabyte, Fujitsu, Hitachi, HP, IBM Quantum, Seagate, Sony, StorageTek, Sun Microsystems, Tandberg

Storage Management Software: BakBone, BMC, Celestra, CA, SAN Navigator, HP, Legato, Tivoli, Veritas

Wide Area Networking: Crossroads, ADVA, CNT, Nortel Networks, Cisco

The many benefits of SAN technology are now within reach of small to midsize firms, thanks to the **SANStor™ SAN Bundle** from IMPEX Technologies. With a powerful SANStor™ FC RAID Array, Qlogic 8-port switch and four HBAs, the SAN Bundle delivers powerful technical, business and strategic advantages to get your SAN up and running quickly.

And at a price of \$29,995, there's a huge savings and strategic advantage to be had.

Get Started Quickly

The SANStor™ SAN Bundle allows you to sidestep expensive, complex integrations with a complete, interoperable solution.

IMPEX also offers a comprehensive suite of support services, from virtual training to on-site service engineers. You'll move from planning to implementation in a fraction of the time.
